

## GDM-165S

### Slag Remove Machine

#### Features

Machining the **lower surface**

Gantry type, continuous feeding

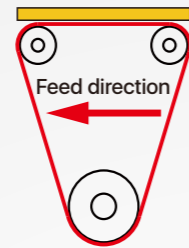

Measure the plate thickness automatically

Efficient work, save labor

Processing the cut edge only

#### Specification

Power Supply	AC220V/380V/415V
Total Power	~6KW
Air Power	0.5Mpa
Air Volume Of Fan	25m <sup>3</sup> /min
Plate Width	Max.650mm
Plate Thickness	6~60(100mm)
Plate Length	>170mm
Feed Speed	2.0~4.0m/min
Work-table Size	W675*L1580mm
Work-table Height	900~910mm
Machine Size	1610*1580*1790mm
Net Weight	1700kg

## GDM-165U

### Slag Remove Machine

#### Features

Machining the **upper surface**

Gantry type, continuous feeding

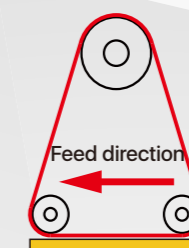

Measure the plate thickness automatically

Efficient work, save labor

Processing the cut edge only

#### Specification

Power Supply	AC220V/380V/415V
Total Power	~6KW
Air Power	0.5Mpa
Air Volume Of Fan	25m <sup>3</sup> /min
Plate Width	Max.650mm
Plate Thickness	6~60(100mm)
Plate Length	>80mm
Feed Speed	2.0~4.0m/min
Work-table Size	W675*L1580mm
Work-table Height	900~910mm
Machine Size	1680*1530*1868mm
Net Weight	1700kg

#### Application

#### Application
